ENRICHMENT HUB

## A right track for your child's potential

# WHAT IS ENRICHMENT HUB?

SCIA Enrichment Hub is specially designed to complement students' academic curriculum and reinforce their holistic development through CAMPS & the school's Signature Programme. We are aiming to make learners' learning visible through a variety of programmes ranging from Performing Arts, Sports, STEM, Clubs & Society.

## COME AND PLAY. ENROLL WITH US.

SCIA is collaborating with partners who share similar vision and values to strengthen our identity as an Enrichment Hub.

We have curated and developed programmes that align with the school's Holistic Education framework of CAMPS and Signature Programmes of Leadership, Entrepreneurship and STEM.

Beyond the regular curriculum, students will now have more opportunities to develop holistically both in campus and online. We are here to provide series of educational activities for your children after school and on weekends!

These variety of activities and programmes will commence in Term 2, mid October, of this academic year.
